

CORPORATE OVERVIEW

A Growing Company with Vision...

ACCESS Systems, Inc. (ACCESS), is a fast-growing information systems and professional services firm. We specialize in providing high quality, responsive, innovative, and client-centered solutions in information systems and technology, networking and telecommunications, business process analysis, imaging, and associated applications.

Since being founded in 1992, ACCESS has expanded our business to include 10 of the 13 Cabinet-level Departments of the U.S. Federal Government and each of the armed services. ACCESS is certified by the U.S. Small Business Administration as a Woman-Owned, Small Disadvantaged Business and has been accepted into the 8(a) program, with graduation anticipated in 2008.

Award-Winning Performance

The recognition of ACCESS by *Washington Technology* newspaper as one of the rapid-growth firms in its "Fast 50" awards program is evidence of the company's success. For 2003, ACCESS was ranked #7 in top 50 fastest growing high technology firms. In 2002, ACCESS was ranked #20. ACCESS has also been recognized with *Inc Magazine's Inc 500* award, placing #164.

ACCESS President, Julie Lee, was named one of *Washington Techway's* "Young Lions of 2002." She was also named by the Minority Business and Professionals Network as one of the "*Fifty Influential Minorities in Business.*" In April 2003, Virginia Governor Mark Warner named Ms. Lee to the *Virginia Department of Business Assistance's Director's Advisory Council on Women's Business.*

ACCESS is ISO 9001:2000 certified
